In California, the Children's Health Insurance Program (CHIP) is fully administered through the Medi-Cal program.

All Providers who are contracted with a Dental Managed Care (DMC) plan to serve pediatric Members also serve CHIP-funded children. There is no separate Network or distinction in service delivery between Medi-Cal and CHIP enrollees; both are covered under the same benefits, funding structure, and Provider access standards.

In California, the Children's Health Insurance Program (CHIP) is fully administered through the Medi-Cal program. All Providers who are contracted with a Dental Managed Care (DMC) plan to serve pediatric Members also serve CHIP-funded children. There is no separate Network or distinction in service delivery between Medi-Cal and CHIP enrollees; both are covered under the same benefits, funding structure, and Provider access standards.

In California, the Children's Health Insurance Program (CHIP) is fully administered through the Medi-Cal program.
All Providers who are contracted with a Dental Managed Care (DMC) plan to serve pediatric Members also serve CHIP-funded children. There is no separate Network or distinction in service delivery between Medi-Cal and CHIP enrollees; both are covered under the same benefits, funding structure, and Provider access standards.

In California, the Children's Health Insurance Program (CHIP) is fully administered through the Medi-Cal program. All Providers who are contracted with a Dental Managed Care (DMC) plan to serve pediatric Members also serve CHIP-funded children. There is no separate Network or distinction in service delivery between Medi-Cal and CHIP enrollees; both are covered under the same benefits, funding structure, and Provider access standards.

In California, the Children's Health Insurance Program (CHIP) is fully administered through the Medi-Cal program. All Providers who are contracted with a Dental Managed Care (DMC) plan to serve pediatric Members also serve CHIP-funded children. There is no separate Network or distinction in service delivery between Medi-Cal and CHIP enrollees; both are covered under the same benefits, funding structure, and Provider access standards.

In California, the Children's Health Insurance Program (CHIP) is fully administered through the Medi-Cal program. All Providers who are contracted with a Dental Managed Care (DMC) plan to serve pediatric Members also serve CHIP-funded children. There is no separate Network or distinction in service delivery between Medi-Cal and CHIP enrollees; both are covered under the same benefits, funding structure, and Provider access standards.

In California, the Children's Health Insurance Program (CHIP) is fully administered through the Medi-Cal program.

All Providers who are contracted with a Dental Managed Care (DMC) plan to serve pediatric Members also serve CHIP-funded children. There is no separate Network or distinction in service delivery between Medi-Cal and CHIP enrollees; both are covered under the same benefits, funding structure, and Provider access standards.

**In California, the Children's Health Insurance Program (CHIP) is fully administered through the Medi-Cal program. All Providers who are contracted with a Dental Managed Care (DMC) plan to serve pediatric Members also serve CHIP-funded children. There is no separate Network or distinction in service delivery between Medi-Cal and CHIP enrollees; both are covered under the same benefits, funding structure, and Provider access standards.**
